Justin's not thrilled that  
Jen's crazy for Beckham

# JUSTIN SEES RED AS JEN LUSTS AFTER BECKS!

Screen saver of David sends  
Theroux **INTO A RAGE**

**N**EWLYWED Justin Theroux is furious over bride Jennifer Aniston's crazy crush on his pal and partner, former soccer star David Beckham!

David, 40, recently recruited Justin, 44, to help design edgy biker fashion for a new clothing project.

Now Justin's not only annoyed with his flirty wife, he's embarrassed, said sources.

"Justin blasted Jen for practically drooling over David when they got together," a source said. "He was mortified that Jen acted like a lovestruck schoolgirl with David, feeling his muscles and raving about how handsome he is. Justin

felt like a total chump!

"Jen even made a computer screen saver of David in a skimpy pair of Speedos.

"The marriage has barely begun, and she's already lusting for another guy. And Justin and David are friends and do business together!"

As reported in *The National ENQUIRER*, Jennifer, 46,

has been struggling to get pregnant, and has packed on 10 pounds from fertility drugs.

She also refused to marry Justin unless he agreed to sign an ironclad \$120 million prenup promising that he wouldn't cheat or do drugs.

"Jen nags Justin about having a roving eye and is jealous of his female friends,

## Bikini babe Gisele

# PUTS NEW BOOBS ON PARADE!

But she's got 'ROCK IN A SOCK' syndrome, says expert

**S**HE ditched her burqa for a bikini, and now there's no hiding the truth about Gisele Bündchen's summer boob job!

"There's no doubt she's had a breast enhancement," said New Jersey plastic surgeon Dr. Lyle Back, who is hardly blown away by the not-so-super new bust the Brazilian supermodel debuted in the Bahamas on Nov. 1.

"She's bigger, but not better," he said.

The 35-year-old, who is married to NFL star Tom Brady, was caught by cameras in July leaving a plastic surgery clinic in Paris while hiding underneath traditional Muslim garb.

But now there's no more covering up the results. Dr. Back said the signs of surgery — bad surgery — are all too obvious.

"They have clearly been enhanced, but the doctors didn't do a good job," he pointed out.

"The breasts are sagging, which means they need a lift and better shaping and fullness. It's what we call 'a rock in a sock' syndrome."

And while Gisele has denied having work done at all, Dr. Back said she'd be better off demanding a refund! **NE**

yet there's a double standard ... Justin's fed up," said a source.

And he's not the only one miffed — Spice Girl-turned-fashion designer Victoria Beckham is furious with Jennifer for openly flirting with her husband.

"Justin warned Jen to tone it down with David ... and Victoria is already giving Jen the cold shoulder," the source added.

TV star  
Melissa in

shocker!

# SUPERGIRL'S NOT-SO-SUPER PORN PAST!

**S**UPERGIRL star Melissa Benoist is squeaky-clean on her smash-hit CBS show — but she's got a secret sleazy past she's desperate to keep hidden!

Photos of the actress have been leaked online — and show Melissa, 27, engaged in various hardcore, X-rated sex acts with a former boyfriend!

"Melissa must be quaking in her 'super boots,' hoping the producers of 'Supergirl' never find these shocking photos," a showbiz insider told *The National ENQUIRER*. "They believe the virginal hero she plays on the show — and could lead to a viewer backlash!"

Melissa was one of more than a dozen female stars — among them Jennifer Lawrence — whose private photos were stolen from their cellphones and released on the Internet.

But while the photos of most of the women show them posing "while bored in (their) underwear," a source noted, Melissa "is seen posing for the camera in very explicit, porn-like poses while having sex,

which leave absolutely nothing to the imagination."

"The difference is her pictures were PORN; we totally see her having sex with a guy," said another. "It looks like she was shooting a porn movie."

The actress also appeared standing topless for a long scene in the Showtime series "Homeland" in 2011.

But now, as Melissa enjoys her breakout role as Kara Zor-El, "you have to wonder how these photos may haunt her career since she is trying to portray the character as a role model," a source said.

Melissa was chosen after a three-month process, and a source noted that should have given producers plenty of time for a background check.

Said the insider: "It's one thing for a young actress to appear nude or semi-nude, as Melissa did to get the role in 'Homeland' — lots of ambitious young actresses do that.

"But taking photos of yourself having sex, and then finding they are on the Internet? That's a problem, even in Hollywood!"

**ENQUIRER  
EXCLUSIVE**

**M**EGASTAR Beyoncé Knowles' early years were a secret hell of drugs, booze and child abuse. *The National ENQUIRER* has uncovered in a sensational exclusive.

The future music icon, 34, began her career in Texas, where she was part of the group Girl's Tyme, mentored by manager Andretta Tillman. Yet as she got her first taste of the spotlight, she was surrounded by druggie lowlifes — and even a child molester!

Andretta's nephew, convicted felon Belfrey Brown, confirmed to *The ENQUIRER* he was Beyoncé's "babysitter" in the years before he went to prison for drug dealing.

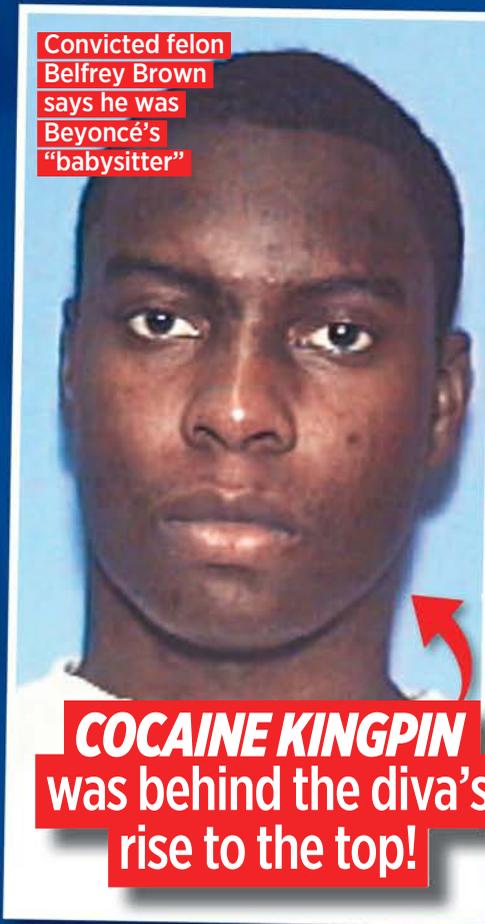

Brown said from 1989 onward, "I was around (Beyoncé) a lot. Andretta Tillman's my aunt. She was the original manager for 'Destiny's Child' and

Beyoncé. I did spend a lot of time around them in the early years. I guess you could say I was Beyoncé's babysitter!"

In 1994, he was indicted for felony drug charges and ultimately sentenced to prison.

He confessed to The ENQUIRER: "At the time, I was selling drugs. I did get caught up in a federal indictment and I had to leave them all behind to go to prison ... for 12 years."

He wasn't the only druggie around Beyoncé. According to another family pal, her dad was a cocaine-snorting serial cheater in those early years.

"The Making of a Child of Destiny," a memoir by Texas family friend Brian Moore, claimed Beyoncé's dad, Mathew Knowles, would come to meetings "high as a kite." The book said he often would go in Andretta's "ga-

rage to do cocaine or other drugs" during rehearsals. He "would come back ranting and raving" in front of the girls and Andretta, Brian claimed.

Drugs weren't his only issue. An admitted sex addict, Mathew often cheated on wife Tina, the book said.

As Beyoncé's group took off, "Mathew increased ... his drug use," Brian wrote. "It was getting out of control. He started lying even more to Tina and giving her the impression that there were meetings going on ... Mathew used them as a cover for extramarital affairs

with different women."

Brown told The ENQUIRER that Tina and Mathew's explosive fights over his infidelity were legendary. "Have you seen the show 'Empire'?" he joked. "That whole thing between them was like 'Empire' before the TV show!"

Meanwhile, Beyoncé's best friend and another member of Girl's Tyme, LaTavia Roberson, was living her own private hell as she was repeatedly molested by a Houston cop, the book alleged.

LaTavia has since confirmed the abuse and, according to Brian, it was that incident and witnessing Mathew's rages that turned Beyoncé from a sweet Houston girl to a ruthless international pop icon.

"After this, Beyoncé started to get thick skin," he wrote. "She was more edgy and protective. You could see Beyoncé sort of grow up." **NE**

# BLAKE PLAYS MR. NICE GUY TO GWEN'S 3 KIDS!

... And Miranda's seething over THAT!

Blake never had kids with Miranda during their four-year marriage, but is "really excited" about making a life with Gwen

**C**OUNTRY star Miranda Lambert is furious at ex-husband Blake Shelton — who never wanted to have children during their 10 years together — now that he's suddenly playing daddy to new girlfriend Gwen Stefani's three children!

A rep for singing star Gwen, 46, confirmed she is dating 39-year-old fellow "Voice" coach Blake, coming on the heels of their respective marriage breakups.

Blake and Miranda, 32, divorced in July, and Gwen split with rocker husband Gavin Rossdale a month later.

Gwen's 13-year marriage to Gavin produced three sons — Kingston, 9, Zuma, 7, and Apollo, 20 months.

Miranda is "deeply hurt and angry" by the new romance, since she "couldn't get Blake off square one" in starting a family during a relationship that began in 2005, a pal told *The National ENQUIRER*.

"Now, Blake is stepping into a ready-made family with Gwen," the friend said. "Miranda feels like she wasted the best years of her life with this guy, who kept on putting off the idea of having children, but now can't seem to get

enough of this woman with a house full of kids."

Blake and Gwen met in June 2014 and, the pal added, "Even back then, Miranda suspected Blake had a thing for Gwen and can't help thinking she's the reason their marriage ended — that Blake wanted to feel free to pursue her."

Adding insult to injury for Miranda, the announcement that Blake and Gwen were dating came just hours before Miranda took the stage in Nashville Nov. 4 to perform and to receive Female Vocalist of the Year at the CMA Awards.

"Miranda felt blind-sided,"

the friend said. "Here it was, one of the biggest nights of her life, and people were coming up to her offering sympathy, not congratulations.

"Blake really pulled the rug out from under her."

Another source said Blake "definitely sees a future" with Gwen.

"In Blake's mind, this isn't a fling," the friend said. "He's put Miranda in the rear view mirror and is really excited about making a life with Gwen. And he believes he's older and wiser now, and can be a good stepdad to Gwen's boys as their relationship progresses."

“Miranda wasn't about to play the sad jilted ex-wife when the whole country was watching,” a friend said. “She wanted to say through her hair, hell yeah, I know what's going on, and that she can poke fun at the two of them.”

The friend added Miranda also managed to joke about the romance between her ex and his fellow coach on “The Voice.”

“Miranda says these office romances never work out!” the pal said.

# BABS BLASTS BROLIN FOR COZYING UP TO GIADA!

**B**ARBRA Streisand flipped out after husband James Brolin flirted up a storm with Food Network babe Giada De Laurentiis — who's 28 years Barbra's junior!

Babs, 73, is now ready to pull the plug on their 17-year marriage, sources told The National ENQUIRER, and friends fear a \$550 million divorce!

“Barbra feels cheated on by James!” an insider said. “She feels humiliated that he blatantly hit on a woman young enough to be her daughter. This could well be the end!”

As The ENQUIRER has reported, James told Barbra he wants out because he's tired of her controlling ways, nonstop work schedule and bossy attitude.

The latest battle erupted after James, 75, and Giada appeared on the “Today” show Nov. 3. He was promoting his TV series, “Life in Pieces,” while she was whipping up holiday recipes.

During one segment, co-host Hoda Kotb was blown away by the on-screen flirting between James and Giada. Referring to the two in the show's kitchen, she said: “We're not sure what's

going on over there! There's a lot of heat in this kitchen!”

Giada coyly replied: “We're talking about cooking!”

When Giada, 45, sneaked on camera during James' solo interview, and began feeding him from a fork, co-host Kathie Lee Gifford blurted out: “I hope Barbra's not watching!”

An insider said: “Giada made no bones about how much fun she was having with James.

“James was in shock over her come-ons. He even said, ‘I'll certainly hear about this from Barbra when I get home!’” **NE**

**H**OLLYWOOD couple Ryan Gosling and Eva Mendes have finally shown off their adorable daughter, Esmeralda — it's no trick, just a real treat. For her second Halloween outing, the adorable 1-year-old wore a skeleton costume with her face painted to match her famous mom, who was decked out as a spooky pirate.

Eva, 41, kept a close eye on her little one, while Ryan, 35, shouldered the doting daddy duties by toting Esmeralda during the festivities. At one point Ryan lifted his scary Grim Reaper mask to reveal the cheeky smile he's so famous for. When the adventure became too much, the wide-eyed toddler snuggled into dad's shoulder. # BLAKE'S CH IN HER NEW

Lively Blake bounces back but did she go unde

**B**LAKE Lively is rockin' a killer beach bod almost a year after giving birth to an adorable daughter with Ryan Reynolds! But there are some questions about where parts of it came from, according to top medical experts. "I would say the size of her breasts is a lot more than suspicious," said New Jersey plastic surgeon Dr. Lyle Back. "I would say it's obvious!" The stunning 28-year-old showed off her recently recovered thunder Down Under in Australia while filming her

new flick "The Shallows." And while hard work and great genes clearly had a lot to do with her amazing post-baby bounce-back, Dr. Back concluded modern medicine can be credited for her most impressive assets. "She has a brand-new pair of 350cc to 400cc silicone breast implants," said Dr. Back, who examined Blake's beach shots with an educated eye. "Usually breasts tend to droop after birth, but Blake's have a newfound life, no doubt through a lift. That doesn't happen by accident."

A rep for the former "Gossip Girl" star called surgery allegations "ridiculous" and said Blake's breasts enlarged after she had a baby.

Blake has even said they increase in size "throughout the day" since giving birth.

"If that's true, we need to call The New England Journal of Medicine, because up to now, it's not been considered medically possible!" countered Dr. Back.

They'd been inseparable until recently when insiders said Bryan blew up over her prenuptial agreement demands!

"Bryan is ready to ditch Sandra and find someone else," a source said.

While her rep denied any wedding plans, a source said the agreement would include a "pay if you stray" clause, meaning Bryan would receive nothing if he cheats on her.

Sandra's legal team insisted on the clause after her previous marriage to "Monster Garage" host Jesse James went up in flames in 2010, when it was revealed he'd been having a torrid affair with Michelle "Bombshell" McGee.

"Sandra was humiliated," explained the pal. "She is taking precautions now!"

Sandra was hoping Bryan would understand, but she was wrong!

"He was furious," confided the source. "A marriage is meant to be based on trust and he's angry and hurt."

While Sandra fears she may have wrecked her new relationship, her closest friends were worried she was moving too fast with a man who — as The ENQUIRER exclusively revealed — is a violent drug abuser with a criminal past.

An insider said: "Sandra's headed for heartbreak again." **NE**

**A** FRIENDLY gesture to a former flame led to a night of brutality and horror for a pretty South Carolina mother!

Michelle Messer, a 35-year-old mom of two, ran into her ex, Chris Campbell, at a friend's birthday party last year in Charleston and stepped outside to chat.

She felt comfortable enough to get into his van, even though she knew Campbell was on parole for a 2013 murder charge.

Big mistake! She suddenly heard the click of the doors locking — and her enjoyable afternoon turned into a nightmare straight from a zombie film!

First, Campbell, 39, viciously attacked her, punching her until she passed out. Then, even more inexplicably, he savagely sank his teeth into her nose and chewed it off of her face!

Michelle awoke to find herself drenched in her own blood — and her face viciously disfigured. “He said, ‘I bit your nose off. I have to kill you,’” she recalled.

So Campbell attacked her again, but Michelle, still gushing blood, somehow fought him off and talked her way out of the deadly situation.

“The only reason I am not dead is because I, somehow,

convinced him that I would not call the cops and managed to open the door and run and scream,” Michelle explained.

Strangers rushed to help the blood-soaked, barely

alive Michelle. She was taken to the hospital, where doctors worked feverishly to save her life.

Witnesses identified Campbell to police, who tasered the psychotic monster before he was arrested and booked for attempted murder. He is awaiting trial.

Tragically, Michelle was left with a mangled stump for a nose!

Depressed and needing extensive — and expensive — reconstructive surgery to fix her nose, she was at a loss. Michelle stopped going to work and faced eviction from her home.

As a last resort, she contacted “The Doctors,” the

Beverly Hills plastic surgeons Drew Ordon and Ritu Chopra decided to help Michelle for free after meeting with her. They planned three complex surgeries to rebuild her ravaged nose.

# ANGIE GETS HER BR NOSE SLIMMED DO

**A**NGELINA Jolie has tweaked her already gorgeous looks with a secret nose job!

The 40-year-old superstar “went under the knife for a minor procedure on her nose,” a close friend told

The National ENQUIRER. “The surgery was so minor that only a trained doctor could tell.”

The Oscar-winning actress, who’s now promoting her new movie, “By the Sea,” co-starring husband Brad Pitt, had the operation a few months

ago, according to the source.

“To most of the public, Angie is a flawless beauty, but her nose has always bothered her,” said the source.

“She’s always wanted a slimmer, more refined nose bridge. As Angie got older

and thinner in the face, she felt her ‘broad’ nose bridge stood out. So she got it fixed.”

After examining before and after photos of the star’s face, medical experts — who have not treated Angie — agreed she had her nose sculpted.

**BEFORE**

**Surgery’s so subtle  
hardly anyone  
would notice!**

**AFTER**

Only the most refined surgeon’s eye can tell that Angie had the bridge of her nose taken in just a bit

Surprisingly, Angelina thought there was room to improve her “broad” nose — so she did!

# ROAD DOWN!

“Angelina’s nose appears to have slimmed, like her figure. It’s possible that she’s undergone a subtle nose job, or rhinoplasty, that’s refined her nose,” celebrity plastic surgeon Dr. Tony Youn told *The ENQUIRER*.

“Overall, it looks good, but I wouldn’t recommend any more plastic surgery for her. She doesn’t need it.”

**AS THE ENQUIRER** recently reported, sources have said Angie is wasting away — with the 5-foot-7 star’s weight plunging to a mere 83 pounds — as she faces a terrifying new cancer crisis.

The mother of six has had preventative surgeries — a double mastectomy in 2013, and a procedure to remove her ovaries earlier this year — that triggered early menopause, which experts warned can significantly increase the odds for early death.

Despite her health issues, the source said Angelina decided to go under the knife yet again for cosmetic reasons — and famous Beverly Hills dermatologist and skin care specialist to the stars, Dr. Susan Evans, called her rhinoplasty “conservative.”

“Angelina has definitely thinned out her nose bridge since this old photo was taken,” Dr. Evans told *The ENQUIRER*.

“Hers appears to have been surgically altered.”

**V**ALERIE Bertinelli, star of “One Day at a Time,” is no longer singing the blues over her ballooning belly!

Busty Val, 55, has finally come to terms with her weight gain — with the help of her husband, former financial planner Tom Vitale, sources said.

“Valerie had really been down in the dumps after packing the pounds back on over the course of the last 12 months,” a pal told *The National ENQUIRER*.

“But her hubby managed to turn that frown upside down when he told her he didn’t care.

“Tom cooed to Val, ‘There’s just more of you to love!’”

As *The ENQUIRER* reported recently, Valerie was looking fat and unhappy after piling on a whopping 35 pounds.

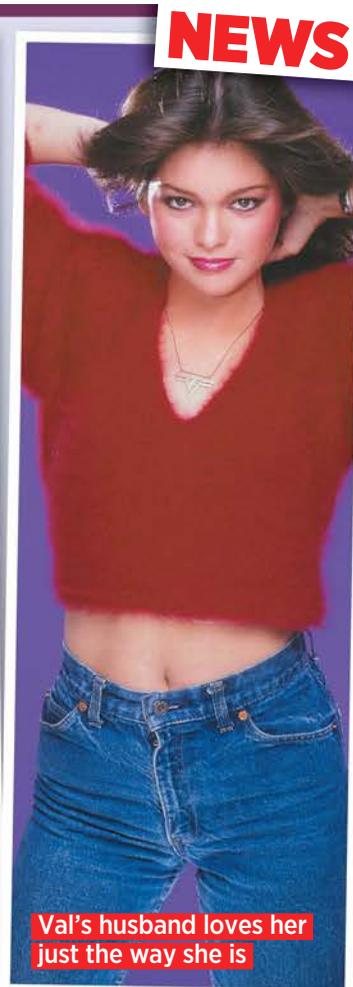

She had previously dropped 49 pounds on the Jenny Craig program — slimming down from a roly-poly 172 pounds to a trim 123 pounds.

Val showed off her newly svelte figure in a dazzling bikini shoot, but then her weight began to yo-yo.

**IN 2012**, the 5-foot-2 star’s weight crept up when she began cooking up a storm — and sampling the results — for her cookbook, “One Dish at a Time.” Valerie later shed the weight that she’d gained while prepping the cookbook.

But then, her woes mounted after she fractured her left foot in a bizarre accident at home in late December 2013.

After her foot finally healed, she got back into

Val’s husband loves her just the way she is

## VAL VOWS TO STAY BIG!

‘THERE’S MORE OF YOU TO LOVE,’ says Bertinelli’s other half

the gym and managed to shed the excess weight.

But her new Food Network show, “Valerie’s Home Cooking,” has wreaked havoc on her weight plans.

On the show, she whips up such high-calorie Italian family recipes as spaghetti and meatballs, cheesy lasagna and quiche, as well as fattening chocolate desserts.

“Just as she did with

when she was writing her cookbook, Valerie started sampling her own dishes,” said the source. “And the pounds crept back on!”

Val had raked herself over the coals because of it, the insider said.

“In the past, Valerie always felt a lot of pressure to remain model thin,” the source said.

“Now, Valerie’s fat — and happy about it!” **NE**

# CRUIS

**A**LL HAIL Tom Cruise — the new supreme leader of the Church of Scientology!

In a desperate bid to keep the big-screen superstar inside the controversial religion, Scientology boss David Miscavige has decided to share his position with best pal Tom!

What's more, high-ranking Scientology insiders tell The National ENQUIRER exclusively that the Church will celebrate Tom's ascension with a bang — literally.

It plans to spend a bundle to blast the 53-year-old action hero into space on a Virgin Galactic ship!

"Tom will become the new grand poobah for the Church of Scientology, right alongside David Miscavige," divulged a Scientology insider.

"It's all very hush-hush at this point, but Tom will essentially share the same rank as David, whose official title is Chairman of the Board of Religious Technology Center.

"[RTC is] the corporation that controls the trademarks and copyrights of Dianetics and Scientology."

Tom will become co-chairman with Miscavige, and also share the ranking of level "OT IX" — or "Operating Thetan IX," said the insider.

"Thetans, in Scientology doctrine, are the alien life forms that inhabit human beings. Tom will be bumped up alongside Miscavige to OT IX

and, ultimately, one day become OT X!" said the source. "This is a super-secret level that will give Tom immortality, and automatically add 60 years to his lifespan!"

**BUT TOM**, whose latest blockbuster, "Mission: Impossible — Rogue Nation," has grossed nearly \$680 million worldwide, won't give up his movie career.

"He's already shooting the second film in the 'Jack Reacher' series, and he has plans to do 'Mission: Impossible 6,' as well as 'Top Gun 2,'" said the source, who added, "Tom will take a much more active role in the Church, becoming its public figurehead!"

To celebrate, Scientology plans to buy its top celebrity disciple a \$250,000 seat on the first Virgin Galactic space flight open to the public!

A slew of celebrities have already booked travel on Virgin's SpaceShip Two, including Ashton Kutcher, Lady Gaga, Katy Perry, Russell Brand, Leonardo DiCaprio, Tom Hanks, Angelina Jolie, Brad Pitt, Lance Bass and Justin Bieber.

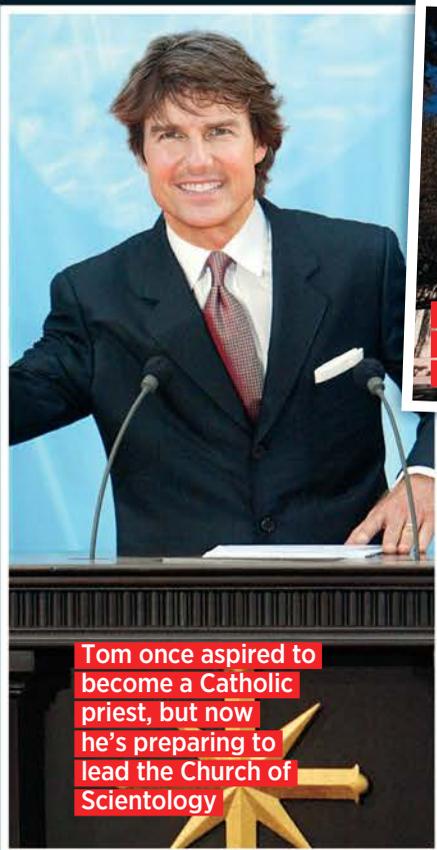

"Tom is absolutely thrilled," said the source.

**ALSO, ACCORDING** to the insider, when Tom rockets into outer space, he'll come closest to "feeling the spirit of Xenu."

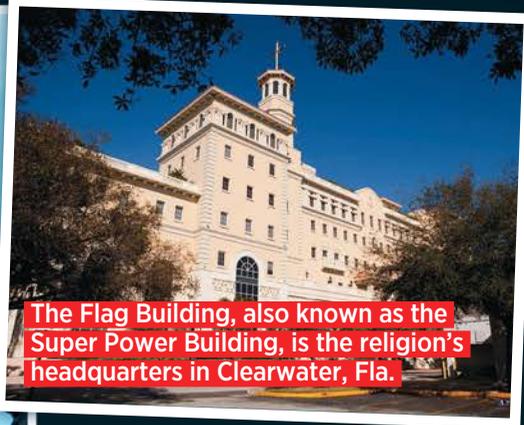

Xenu was the dictator of the "Galactic Confederacy" some 75 million years ago who brought billions of his people to Earth in DC-8-like

# THE CONTROL!

Tom once aspired to become a Catholic priest, but now he's preparing to lead the Church of Scientology

The Flag Building, also known as the Super Power Building, is the religion's headquarters in Clearwater, Fla.

spacecraft before they were killed with hydrogen bombs, according to Scientology founder L. Ron Hubbard.

Meanwhile, Tom's climb up the Scientology ladder is no surprise to him.

According to author Lawrence Wright's book, "Going Clear: Scientology, Hollywood and The Prison of Belief," Tom has long believed he's the third-ranking

member of the Church. He once told a Scientologist girlfriend, "You don't get it. It goes like this. First, there's LRH (L. Ron Hubbard).

"Then, there's COB (Chairman of the Board David Miscavige). Then there's me."

That girlfriend, Nazanin Boniadi, reportedly was auditioned as a potential "Mrs. Tom Cruise" before he wed Katie Holmes.

Tom remains single after three divorces, and plans to relocate near the Scientology headquarters in Clearwater, Fla., according to recent reports. And he's dumping scads of real estate.

Tom sold his 2.5-acre Los Angeles home for nearly \$11.4 million, and his two Big Apple properties are for sale:

a townhouse for \$28 million, and a condo for \$3 million.

Last fall, he also listed his 298-acre ranch near Telluride, Colo., for \$59 million.

**AS FOR MOVING** to Florida, fellow Scientologist John Travolta "loves his life there and inspired Tom," said the source. "He's ready to go."

As The ENQUIRER reported, Tom had been considering leaving Scientology — with the help of celebrity defector Lisa Marie Presley — to reunite with daughter Suri, 9.

"Tom hadn't seen Suri regularly since the Church labeled both her and her mom, his ex-wife Katie Holmes, as 'Suppressive Persons,'" disclosed a source.

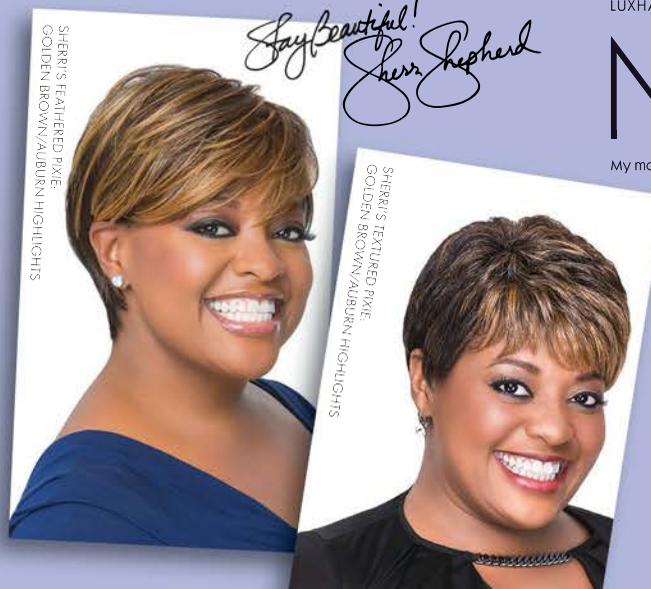

But since then, "the Church made Tom an offer he couldn't refuse — making him head of the whole shebang!" **NE**

## CARSON'S 'LIES' OVER MILITARY & VIOLENT PAST

IT'S "Code Red" for disgraced doctor Ben Carson!

The GOP hopeful's presidential campaign was in serious need of life support after he was accused of fabricating stories about his past.

"He's hardly presidential material if it turns out he's a bigger liar than Brian Williams," a source told *The National ENQUIRER*, referring to the former NBC news anchor's scandal earlier this year, which cost him his anchor job.

The White House wannabe's "lying" scandal exploded Nov. 6 when he admitted to a Politico news reporter he had falsely claimed earning a prestigious scholarship to West Point. The U.S. Military Academy said it had no record.

However, after the shocking admission, his campaign team denied Ben's confession and said the Politico story was an "outright lie."

The retired neurosurgeon earlier labeled as a "bunch of lies" a CNN report that said former classmates and pals from his youth were unaware of his claims about violence and anger issues in his 1990 autobiography, "Gifted Hands: The Ben Carson Story."

In the book, Ben claimed he punched a classmate in the face with his hand wrapped around a lock and tried to attack his own mother with a hammer after a clothing quarrel.

**D**ONALD Trump would never have run for president had it not been for the encouragement of his wife, Melania!

In an exclusive, the billionaire real estate mogul and "Celebrity Apprentice" creator told *The National ENQUIRER*: "For years I would ask her whether or not I could run and win. And she would say, 'Donald, people love you, but they wouldn't vote for you for president ... you're a little wild and a little too controversial.'"

"But as she's watching

political news on television and seeing all the things that are wrong with our country, she looks at me and says, 'Darling, you know you'd win if you ran, don't you? People really need you. I see it on the streets.' Our children's futures are on the line — and we have to come through for them."

Now, with Donald out on the campaign trail, *The ENQUIRER* has learned the secrets behind the woman destined to run their household in the White House!

Donald, 69, told *The ENQUIRER*: "My wife Melania

would make a terrific first lady. She is a good person and a phenomenal mother. She's proud to be an American citizen, and she sees the problems we face in this country."

The Slovenian-born beauty, 45, who married Donald in 2005 to become his third wife, is not shy about expressing her opinions.

"To marry a man like Donald, you need to know who you are," she said in an exclusive interview. "And you need to be very strong and smart ... I'm my own person. I'm not a yes person. So I tell it as it is."

The Trumps: Front-runners

Trump reveals words uttered by wife Melania that strengthened his resolve **TO BECOME PRESIDENT!**

Melania, who became a naturalized American citizen in 2006, is 100 percent behind Donald's outspoken stance against illegal immigration into the U.S.

"I went through a whole long process (to become a citizen)," she said. "I think people should follow the law!"

The towering 5-foot-11 former model balances parenting duties for their 9-year-old son, Barron, with running successful jewelry and cosmetics businesses. "You need to be very organized and

very quick and just very on your toes all the time," she said.

And the secret to her successful marriage with Donald?

"It's a lot of responsibility for a woman to be married to a man like my husband," she said. "I need to be quick, smart and intelligent."

And what type of first lady will Melania be?

"I would be very traditional, like Betty Ford or Jackie Kennedy. I would support my husband," she said.

# DRUG DEALERS KILLED NICOLE & RON OVER DEBTS, CLAIMS O.J.

An ex-prison guard said O.J. told him what really happened that night

**I**N A bombshell jailhouse confession, O.J. Simpson has finally revealed what he claims is the truth behind the murders of ex-wife Nicole Brown Simpson and Ron Goldman!

A retired prison guard has told The National ENQUIRER that O.J. told him the real killers were drug dealers bent on collecting a \$30,000 debt owed by cocaine-addled Nicole!

O.J.'s long-time manager, Norman Pardo, has corroborated the drug-debt scenario, and claimed O.J. actually watched the bloody murders unfold!

"O.J. was always telling people that drug people were involved in the murder, but he never told the other half of the story," Norman told The ENQUIRER.

According to Norman, O.J. and his lawyer pal, Robert Kardashian, hired serial killer

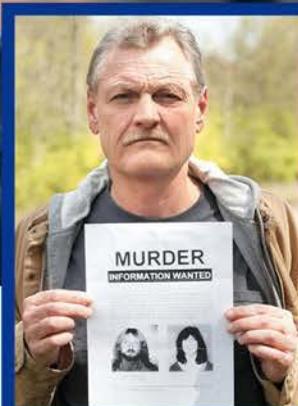

Glen Rogers to forcefully convince the drug dealers to leave Nicole alone.

"From what O.J. told me, my theory is that he was getting tired of paying Nicole's debt, and he brought in Glen Rogers to get the drug dealer out of the picture," Norman told The ENQUIRER.

Rogers now sits on Florida's death row on charges unrelated to the June 1994 killings.

The plan to bump off the drug thugs went awry when Rogers began stabbing Nicole and Ron, and then O.J. — who was at the scene — panicked, Norman said to The ENQUIRER.

In an explosive June 2014 article, a source said: "Glen Rogers ... told me, 'I helped O.J. kill Nicole and Ron.'"

Clay Rogers (left) also claims brother Glen is the real murderer!

Frank broke bread with Pablo

## Sinatra 'was COCAINE GANG OVERLORD!'

**F**RANK Sinatra hid an extraordinary double life — as a crooner and drug kingpin!

In a diabolical new disclosure, The National ENQUIRER has learned that the son of late cocaine baron Pablo Escobar claimed the singer was a member of the Colombian cartel.

"He was a partner of my father," Sebastián Marroquín confirmed.

In his book "The Accountant's Story," Pablo's brother, Roberto Escobar, even detailed a story about Frank dining with the violent drug lord in Las Vegas in 1983.

"There were more singers than you can imagine who began their careers due to the sponsorship of narco-traffickers," Sebastián said.

Now an anti-drug crusader, Sebastián has disavowed his father.

"My father's misdeeds are glamorized — with the money, power, guns, women," Sebastián said.

Pablo died in a shootout at age 44 in 1993. Frank died five years later at 82. **NE**

■ **LIVING IN A HOTEL** after

**J**IMMY Fallon is riding a deadly spiral of booze, cocaine and wild partying, The National ENQUIRER has uncovered in a blockbuster exclusive!

The “Tonight Show” star is “cracking under the pressure” of working 12-hour days — and he’s turning to his favorite vices as an escape, sources claimed.

Fed up with his out-of-control behavior, wife Nancy Juvonen booted the 41-year-old bad boy out of their luxurious Manhattan home earlier this month, according to an insider, forcing him to move into a nearby hotel.

Since signing a \$72 million, six-year contract extension that runs through 2021, Jimmy has been feeling “a tremendous amount of pressure,” a television informant divulged.

“He did coke pretty regularly during ‘SNL,’ but backed off when he got the Weekend Update anchor chair.”

But all that changed after he began his high-profile gig on NBC’s “The Tonight Show” in February 2014, the source said.

“Jimmy started doing coke regularly about two months into the show because he was so exhausted,”

the insider added.

“I’ve walked in on him in the restroom at parties and stuff a few times. Or when he’s invited a few of us out.

“He’ll have a couple drinks, and then do a shot or two, then do some coke as a pick-me-up.

“He doesn’t try to hide it. He shares with some friends, and a couple of other writers.”

Wife Nancy kicked Jimmy out of their NYC home

**SPEAKING** exclusively to The ENQUIRER, another eyewitness disclosed seeing Jimmy disappear into a bathroom and emerge “all jacked up” on coke.

Jimmy also asked another insider whether he had any “blow” — cocaine — at an Academy Awards party in Hollywood sev-

eral years ago. Trawling the event for drugs, he pleaded with actress Kirsten Dunst for the drug — but she couldn't service his needs.

Of more concern, however, is Jimmy's fondness for alcohol.

Insiders described him as an outrageous drinker who hangs out with a group of four or five "handlers" who keep an eye on him, but are powerless to intervene when he's pounding down bottle after bottle.

"Jimmy's usually low-key, but he gets louder when he drinks," a source said. "Once he feels the buzz, he does shot after shot of whiskey,

and chases them with beer.

"I realized he had a drinking problem when he kept ordering shots even though he was slurring his words and was unsteady on his feet. I could tell his handlers were concerned, but they basically let him do what he wanted."

**IN A BEHIND**-the-scenes probe, a correspondent from *The ENQUIRER* observed Jimmy leaving Rockefeller Center, where he tapes "The Tonight Show," in his chauffeur-driven black BMW just before 11 p.m. on Nov. 3.

His driver dropped him off at the Gramercy Park Hotel — near the apartment he shares

with Nancy, 48, and their two daughters, Winnie, 2, and 11-month-old Frances.

Patrons of the hotel saw Jimmy enter its exclusive Rose Bar through a heavily draped entrance guarded by a bouncer.

Inside, Jimmy unwound amid the Rose Bar's plush wood and velvet furnishings, 20-foot ceiling, pool table and well-stocked bar.

The following night, he left Rockefeller Center around 8:50 p.m. and repeated the trip to the same hotel.

But this time, *The ENQUIRER* spotted him getting out of the BMW, carrying a piece of luggage and hus-

tling self-consciously into the hotel lobby! Jimmy's rep insisted to *The ENQUIRER* he's staying at the hotel only because his house is being renovated.

**CONCERNS AROSE** over the funnyman's extracurricular habits after a string of bizarre accidents, including one that almost cost him a finger!

The June incident started with Jimmy at New York City's Scalinatella restaurant, where he was seen drinking wine and posing for photos with fans.

Later, Jimmy claimed he tripped on a rug in his apartment, and nearly severed his left ring finger when his ▶

# “Jimmy asked Kirsten Dunst if she was ‘holding.’ Then he asked me!”

**M**Y WILD Oscar night with Jimmy Fallon started with a low-spoken request for cocaine that Kirsten Dunst and I heard before we saw who was talking: “Psst, Kirsten. Are you holding?”

The voice came from one

of the heavy white curtains draped around an ad hoc tent on the parking lot of a Morton’s Steakhouse in West Hollywood (in 2005).

There were hundreds of A-list celebrities drunkenly about. We turned and saw yet another one tapping the side of his

nose in the tell-tale gesture for Hollywood’s drug of choice.

It was Jimmy Fallon!

After Kirsten told him, “No,” he looked at me and asked, “How ‘bout you?”

He begged me for drugs! I said, “No,” and he looked a little bummed out. Then he

joined us and we talked about “SNL” and his cameo on the HBO series “Band of Brothers.” A little while later he was gone and talking to someone else — and perhaps asking them the same scandalous question he posed to me!

wedding ring caught on a table corner.

He needed surgery to save the finger — and spent 10 days in intensive care!

But an insider put a boozy spin on the episode.

Jimmy actually got “falling-down drunk” after eating dinner at the restaurant, said the source, where he partied until 3 a.m.

“He didn’t trip over any object except

his own two feet,” the source said.

Just eight weeks later, Jimmy chipped a front tooth while trying to open a container of scar tissue repair gel for his damaged finger. “Best summer ever,” he later quipped on social media.

Then, on Oct. 24, the wild man tripped during a party in his honor at Harvard University, dropped a bottle of Jägermeister he was holding, and cut his hand

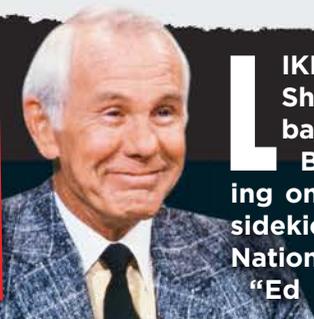

while trying to catch his fall.

“He was definitely drunk,” said an eyewitness. “He immediately started yelling, ‘More Jäger! More Jäger!’ Eventually, someone brought him more Jäger.”

“He just can’t accept where he is right now. He’s an addict,” charged Dr. Gilda Carle, a psychotherapist who has not treated Jimmy.

“It’s one thing to kick off steam

## HOW JOHNNY CARSON HID HIS LOVE FOR BOOZE!

**L**IKE Jimmy Fallon, “Tonight Show” legend Johnny Carson battled the demon of the bottle.

But Johnny kept his drinking on the down-low by using his sidekick Ed McMahon as a foil, *The National ENQUIRER* has learned.

“Ed took the blame,” said the

showbiz insider. “On the show, Johnny would make fun of Ed for being a drunk — but Johnny had a much more severe problem!”

When Johnny was under the influence, his dark side came out, added the source. “Johnny was an ugly drunk,” the insider said.

occasionally, but this is out-of-control and self-destructive behavior," the leading expert added. "His life as it is now will end if they don't step in and help him with rehab."

A spokesman for NBC told The ENQUIRER: "Jimmy Fallon is a highly valued member of the NBC family who is both a tireless worker and an extraordinarily gifted performer. His dedication in putting on a great show each and every night is unparalleled, and that is reflected in the large amount of viewers who tune in."

But sources said NBC is frighteningly worried over the latest string of accidents and "rumors" about Jimmy's troubling behavior, so much so that network brass held a series of crisis meetings on Nov. 3.

Jimmy "made the rounds" at the meetings, assuring executives and coworkers he's in "top shape" and apologizing for bringing "drama" to the show, a source said.

He also blamed his string of accidents on just being "wildly unlucky" in the past 12 months.

In January, he fueled more concern when "clearly inebriated," he sang the Katy Perry song "Walking on Air" at a New York watering hole "while literally crawling on the bar."

He was also reportedly seen drinking heavily and "doing shots" at a summer benefit at a billionaire's estate in the Hamptons.

But the debauchery runs deep. Back in 2008, an eyewitness bumped into a "scary-looking" Jimmy at Manhattan's

**Unlike Jimmy, the iconic "King of Late Night TV" — who died at age 79 in 2005 — managed to keep his drinking out of the public eye. "Johnny was shrewd," the source said. "He drank more at home. He'd do the show and go home and tie one on every night." NE**

## KIM'S ORIGINAL SIN

ONCE upon a time, the only Kardashian anybody knew was Robert, a member of the legal team that kept O.J. Simpson out of jail. But Kim's "leaked" video with then-boyfriend, singer Ray J, forever changed the world. The torrid tape mysteriously materialized on the web in 2007, and was later sold by Vivid Entertainment as "Kim K, Superstar" — launching her "career." While Kim won a \$5 million lawsuit and called the tape "humiliating," there have been no reports of her donating the settlement to charity.

## HOGAN'S HORROR

HULK Hogan's career was body-slammed by a 2007 video of his XXX-rated match with the wife of his best friend, DJ Bubba the Love Sponge! Hulk sued gawker.com for posting the lowlights. But that only led to more trouble when The ENQUIRER revealed the tape included the Hulkster's racist rant about his daughter's African American boyfriend, leading to his dismissal from the WWE — and destroying his image.

## WHEN IRISH EYES ARE BLOODSHOT!

IRISH actor Colin Farrell is now clean and sober but at his boozy 2002 peak, he said he was up for anything — including making a 14-minute sex tape with Playboy Playmate Nicole Narain. Colin later sued her for trying to sell their lust-fest, blocking its release in 2006. He calmly explained the incident by saying he was high and turned on by the camera!

JOHN Edwards was steam-rolling toward the Oval Office when his campaign exploded in scandal in 2007. The ENQUIRER's Pulitzer-nominated reporting revealed the candidate fathered a child with filmmaker Rielle Hunter! In 2009, The ENQUIRER broke the new bombshell that they had made a sex tape! It wound up in the hands of an aide who tried to cover up the affair by claiming the love child was his! Despite John's efforts to railroad him, the aide agreed to destroy the tape.

Rielle Hunter and John Edwards' affair ended his campaign and marriage!

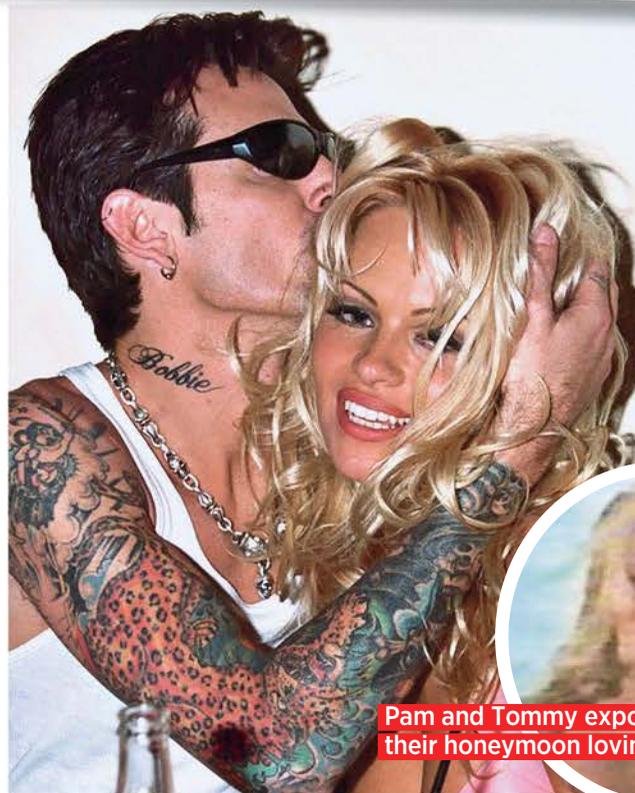

## ROB'S LOWE POINT

FORMER Brat Packer Rob Lowe nearly became a fleeting '80s memory when he taped himself having sex with two women — one underage — while attending the 1988 Democratic National Convention. Reeling from the bad publicity after the tape went public, Rob checked into rehab for alcohol, cocaine AND ecstasy! He spent the '90s drying out and rebuilding his life — re-emerging as a TV star. Today he's on FOX's unfortunately titled "The Grinder."

## IN THE BEGINNING...

FORMER "Baywatch" babe Pam Anderson and Mötley Crüe drummer Tommy Lee's sex tape gave every other B-lister with a dream hope that they could build a career without a foundation! The couple claimed the tape was never meant to go public — saying it was stolen and leaked online in 1996. Pam sued the distributor, and the two reportedly won \$1.5 million in damages!

HOW TO...**

**BOOST YOUR IQ!**

**Y**OUR intelligence quotient (IQ) is a measure of your mental agility or comprehension speed. But contrary to popular belief, it's not fixed in stone. According to leading psychologists, you can increase your score and change your life. So get going and get smart!

■ **PLAY VIDEO GAMES!**

Don't let your kids have all the fun. A recent study at the University of Rochester confirmed a link between first-person video games and enhanced visual awareness in the "real" world. When you have your IQ tested, your ability to take in visual cues quickly and accurately is invaluable, according to clinical psychologist Dr. Anita Abrams.

■ **GET A BOOST FROM SUPPLEMENTS!**

Taking in 5g of creatine daily can raise your IQ by 15 points in just six weeks. It raises brain energy levels used to make computations. Other productive supplements include Ginkgo biloba and omega-3 fatty acids.

■ **HAVE A CUP OF JOE!**

One of the most common ways to get a quick IQ boost is to drink some caffeine, because it helps stimulate brain activity. Cacao beans have more antioxidants than acai and goji berries, red wine and even green tea!

■ **CHALLENGE YOUR BRAIN — WITH GAMES!**

Crossword puzzles, Scrabble and other brain-teasing activities are not only fun, they also EXERCISE your brain. The more you think, the more you work your gray matter and generate dopamine rushes that make you smarter!

■ **EAT YOUR VEGGIES!**

"A number of studies have linked higher IQ with a vegetarian diet," according to Mensa's consultant psychologist Maria Leitner. There are many specific foods in a healthy diet that play a role in raising IQ. Vegetables such as broccoli, spinach, tomatoes, some berries and the omega-3 oils found in oily fish improve memory and overall brain function!

■ **GET IN SHAPE!**

A Swedish study found that cardiovascular fitness was associated with better cognitive scores. On average, individuals who take care of their bodies tend to be more intelligent than chronic couch potatoes. Exercise is known to stimulate brain cell growth through a process called neurogenesis and flood the brain with pleasurable neurotransmitters like dopamine.

■ **READ!**

Reading enhances the mind's ability to comprehend and your ability to think critically! Some studies have shown that reading can increase a child's IQ by up to six points! Reading stimulates thought and so boosts brain power. **NE**

Roseland Ballroom. “He was a mess, all gray and sweaty, stumbling around by himself,” said the spy. “He turned to me, and without saying hello or introducing himself, said he’d just taken a significant quantity of LSD!”

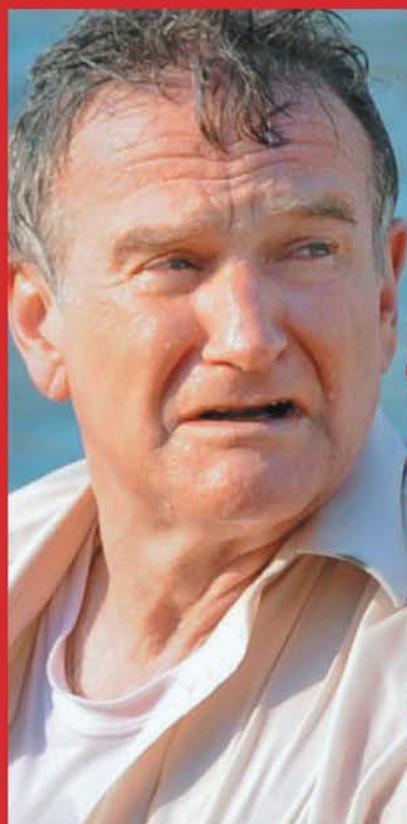

A network mole told The ENQUIRER NBC Entertainment Chairman Robert Greenblatt and “Tonight Show” executive producer Lorne Michaels have had “several very frank and honest conversations about Jimmy” — even debating whether to stage an intervention. An NBC insider disputed there had been any meeting between Robert and Lorne or that staff was instructed not to talk about Jimmy’s drinking.

But even more disturbing, since summer break, staffers have noticed when Jimmy arrives at work he “seems strung out or hung over,” said the source.

Another insider has even claimed Jimmy has shown up for work “smelling of alcohol.”

While pals blame the stress of his nightly high-wire act for his boozing, another source said: “Jimmy’s been drinking way too much. The next step will be rehab to save his life!” NE

**R**OBIN Williams didn’t have to die!

That’s what pals are saying since his widow, Susan Schneider Williams, opened up about the comic’s tortured last days.

A heartbroken Susan revealed that — weeks before Robin committed suicide on Aug. 11, 2014 — a psychiatrist told the 63-year-old actor he should move into a mental health facility!

“Medical experts had already determined Robin could no longer take care of himself because he suffered from a dementia-like condition,” a friend told The National ENQUIRER. “Robin should have had someone looking after

him at all times.

“There’s no reason he should have been by himself the day he took his own life!”

Dr. Gilda Carle, an psychotherapist who did not treat the star, agreed.

“Somebody should have been keeping an eye on Robin!” she said.

“He had already proved to be a danger to himself. Chances were high he would become a danger to himself again ... or worse!”

In a recent interview, Susan said that on July 24, 2014, she was shocked to find Robin in the bathroom with a gash on his head.

She screamed: “Robin, what happened?”

According to Susan, he motioned toward the door and said: “I miscalculated.”

## Major victory in fight to **BRING CAS**

**C**ASEY Kasem may finally see his dying wish come true — to be buried next to Hollywood greats Lucille Ball or Clark Gable, The National ENQUIRER has learned.

Casey’s daughter Kerri Kasem, 43, won a major court victory when a Los Angeles judge named her the administrator of her father’s \$80 million estate over Casey’s widow, Jean Kasem.

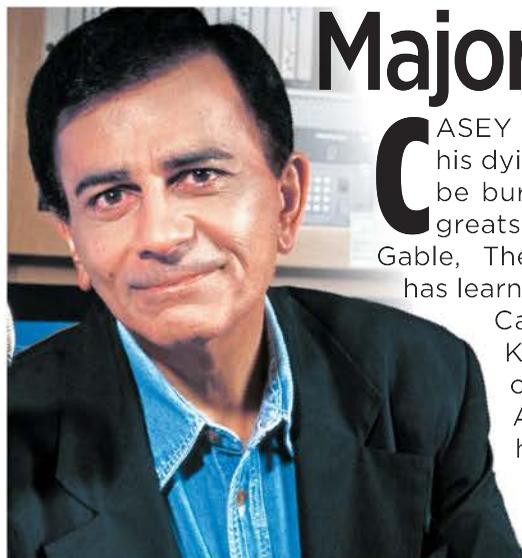

Casey Kasem’s gravesite

Kerri told The ENQUIRER she’ll attempt to get Jean to “provide the will,” which she and her two siblings have never seen.

Casey wanted to be buried at one of the celeb-packed Forest Lawn Memorial Parks, said Kerri.

But two months after Casey’s death at age 82 on June 15, 2014, Jean, 61, had her husband’s remains buried in an unmarked grave in Oslo, Norway!

“I still plan to bury my father in Los Angeles and I’m doing everything in my power to make sure that hap-

Susan recalled: "The psychiatrist said, 'Now, Robin ... this is now mandatory and we need to decide, you need to decide where you want to go, and we're all going to figure this out.'"

She added: "We were very scared. We didn't know what we were fighting."

But Robin realized once he entered the facility, he would probably never leave.

Tragically, he killed himself before his medical team was able to properly diagnose his condition as Lewy body dementia.

The star had also already been diagnosed with Alzheimer's disease and Parkinson's disease.

Said a pal: "They should have been watching him like a hawk! If they had, he'd still be alive today!"

## Hookups!

All the latest in love & war!

### For Eddie, eight *ISN'T* enough!

**E**DDIE Murphy is gonna be a daddy ... again!

The former "SNL" star and his hottie Maxim model/actress girlfriend of four years, Paige Butcher, have a bun in the oven!

This is old news for Eddie, 54, who now has EIGHT kids with FOUR different women — including ex-wife Nicole Mitchell,

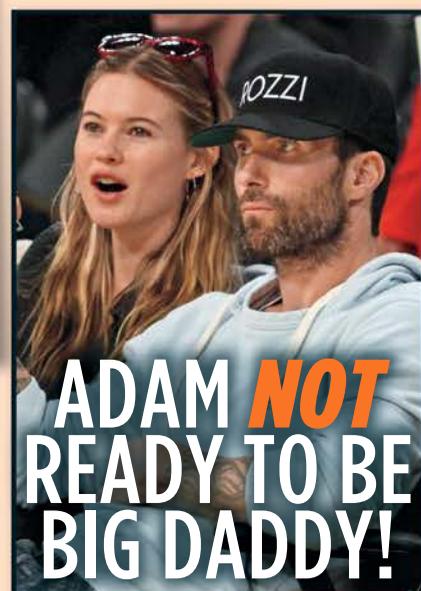

Tamara Hood and former Spice Girl Melanie "Mel B" Brown.

"All of the children love each other dearly, and the women, having all moved on with their own relationships, co-exist very well together," a Murphy pal said.

Eddie and the awesome Aussie started dating in 2011.

As for 36-year-old Paige, she's dated hip-hop mogul Russell Simmons and model Tyson Beckford.

The baby's due in May!

### ADAM *NOT* READY TO BE BIG DADDY!

ADAM Levine wished he kept his "Voice" on mute after saying he wanted to put his new wife, Behati Prinsloo, in "the family way."

"He admits he put his foot in his mouth," said an insider close to the couple. "Adam does so many interviews, and says he just got caught up in the spirit of the moment."

Now he's experiencing an extreme case of "Daddy Dread," according to insiders.

Adam, 36, and Behati, 26, tied the knot in July 2014, and insiders said the singer/songwriter is having enough problems adjusting to marriage, without adding a baby into the mix!

"Adam likes the life he has now," the source said.

## BABY LOVE! ASHLEE & EVAN WANT ANOTHER!

ASHLEE Simpson and Evan Ross are already making plans for a second baby — just three months after welcoming daughter Jagger Snow to the family!

"Ashlee's cycle has yet to restart so it's still too soon, but they're already getting in the mood," said an insider close

to the couple. The reality star/singer, 31, is already the mother of 7-year-old Bronx with ex Pete Wentz.

And Ashlee didn't want to waste any time starting a family with Diana Ross' son, 27, whom she married in 2014.

"Evan's really into big families and they agreed

that they'd have at least three kids," the source added.

Big sister Jessica's back-to-back pregnancies have eased any worries they might have about giving her body a little bounce-back time.

"They both agreed they want their kids to be really close in age," the insider said.

Evan and Ashlee want to double their fun with baby No. 2

ON!

Actors **Jamie Chung** and **Bryan Greenberg** tied the knot in a “boos and booze” Halloween wedding as the sun set on El Capitan Canyon.

OFF!

Former “DWTS” contestant **Noah Galloway** and **Jamie Boyd** have tapped out, calling an end to their five-month engagement.

## WHO'S DOING WHO?

ON!

**Kendall Jenner** seems to have bounced back from the trauma of her brother-in-law Lamar Odom's overdose by dating NBA star **D'Angelo Russell**!

ON!

New York Mets ace **Matt Harvey** is taking the sting out of his World Series loss by scoring with Victoria's Secret model **Devon Windsor**!

# AFFLECK'S NEW ROLE:

## Ben **BLUBBERS UP** as divorce hits him hard

**S**TRESSED-out Ben Affleck has been piling on the pounds since his 10-year marriage to Jennifer Garner exploded amid charges he was caught cheating with the nanny!

The once-buff megastar was spotted filming his new thriller, “Live by Night,” and looking less than thrilling — with a gut hanging over the waistband of his pants.

Sources told The National ENQUIRER the 43-year-old father of three gained 15 to 20 pounds while filming the Prohibition-era crime movie in Brunswick, Ga.

“He was rocking a flabby ‘dad bod,’ not the chiseled physique and tight pecs he developed to make ‘Batman v Superman: Dawn of Justice,’” said an eyewitness.

Though Ben has claimed he ballooned to get into the role of a Boston police captain's son in the Roaring Twenties, insiders said his real-life family is the weightier matter.

“He's still wrestling with his divorce from Jennifer, and it shows,” the source revealed. “Ben's gotten to-  
tally out of shape!” **NE**

Ben won't be stopping too many thugs in the shape he's in today

## FABULOUS FINGER FOODS!

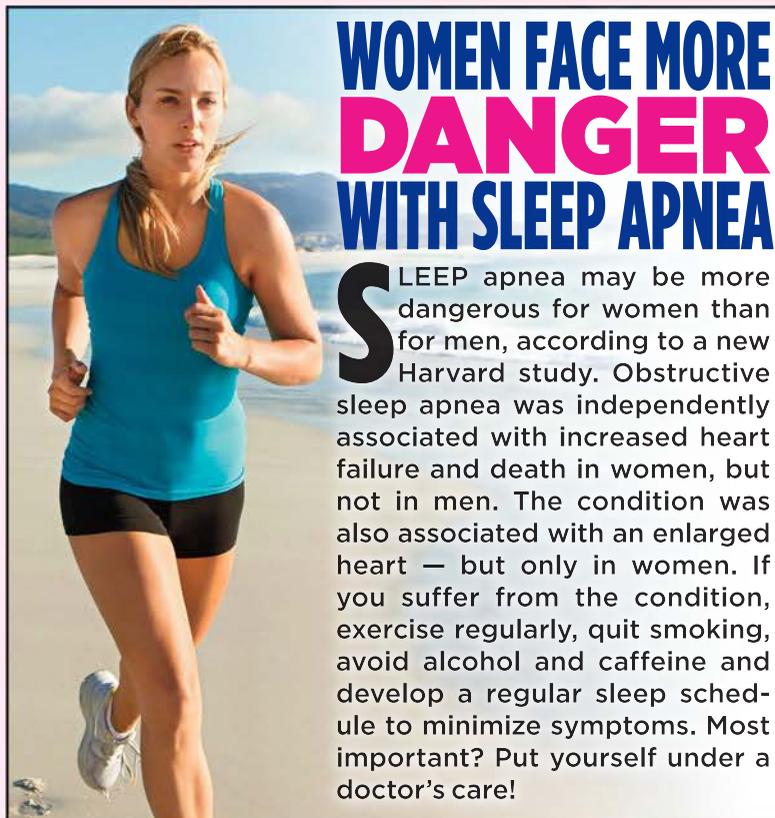

EVERY woman wants nails that don't splinter and break! You can achieve that goal without dropping a wad of cash at the salon simply by eating foods rich in nail-building nutrients. Try snacking on almonds, which are filled with biotin, the same ingredient in hair, nail and skin supplements. Spinach serves up plant-based protein, iron, vitamin E, magnesium and calcium.

Pineapple pumps out vitamin C, which supports the production of nail-building collagen.

## Give your liver a NEW LEASE ON LIFE!

**YOUR liver works 24/7, cleaning and processing the toxins you put into your body. To give it a well-deserved break, eat a few liver-friendly foods! Beets naturally cleanse and purify the blood, boosting liver function. Broccoli is high in fiber that rids the body of carcinogens and other toxins. Sweet potatoes are rich in beta-carotene, which is a natural anti-inflammatory. Lemons provide antioxidants and vitamin C that help your liver produce enzymes to boost energy and help digestion. Finally, lentils are a natural source of fiber and protein!**

## WOMEN FACE MORE DANGER WITH SLEEP APNEA

**S**LEEP apnea may be more dangerous for women than for men, according to a new Harvard study. Obstructive sleep apnea was independently associated with increased heart failure and death in women, but not in men. The condition was also associated with an enlarged heart — but only in women. If you suffer from the condition, exercise regularly, quit smoking, avoid alcohol and caffeine and develop a regular sleep schedule to minimize symptoms. Most important? Put yourself under a doctor's care!

## BLUEBERRIES BATTLE BAD BLOOD PRESSURE!

**E**ATING blueberries daily may improve borderline high blood pressure in middle-aged women! A new study indicates that ladies who lunch on freeze-dried blueberries have reduced blood pressure levels and increased levels of a chemical that relaxes blood vessel walls. "That tells us blueberries may improve the health of blood vessels in addition to reducing blood pressure," said study leader Sarah Johnson, a nutrition and exercise researcher at Florida State University. While researchers don't believe blueberries should replace hypertension medication, the berries could help prevent a rise in blood pressure after menopause!

## False teeth can be real LIFESAVERS!

**TRUE or false: False teeth are a bad option. False! According to new research, dental implants may improve not only oral health, but all-around health as well. Decaying teeth breed higher levels of bacteria that lead to bad breath and pain. Increased bacteria in your mouth can spread throughout your body, causing infections and damaging organs. Some teeth are actually prone to cavities and bacteria collection. Dental implants halt that risk. For folks who battle chronic gum disease, implants can end their pain.**

## DOGS FIGHT ASTHMA!

A **DOG** may be man's best friend, but he also may be a great doctor! A new study shows early life contact with canines reduces risk of asthma! Kids exposed to dogs in the first year of life had a 13 percent lower risk of the disease when they reached school age. The researchers said dogs provide "elevated amounts and diversity of microorganisms and endotoxins," reducing the risk of asthma and infectious disease.

## Letter of the week

### Leave Jonah alone

Jonah Hill has a right to privacy (Mike Walker Gossip, Nov. 2). Hollywood is filled with opportunists, and who knows what someone would do with his photo? Now, if the fan had asked for his autograph, that would be different.

—Carla F., Studio City, Calif.

Win \$50 for the **LETTER OF THE WEEK** and \$25 for every other letter we publish.

### Callous hubby Kanye

Kanye's worried about how Kim looks when he should be concerned about the health of their second baby ("Kim's Baby Weight Hell," Oct. 12). Kim put on weight with North and worked it off and got her shape back. What would Kanye do if she never loses the weight — leave her and his children?!

—Michele G., Eastpointe, Mich.

### Down-n-out Scott

Scott Disick had no place to go but into the arms of his new young squeeze ("Scott Plunges to a New Low," Oct. 19). He was humiliated at least twice when Kourtney refused his proposals on national TV. She also pushed him out of her bed.

WIG-WEARING KEVIN'S ONLY GOT 3 HAIRS ON HIS HEAD

## THE BALD TRUTH ABOUT COSTNER!

**A**LL The Buzz is lifting the rug concealing one of Hollywood's hairiest secrets — Kevin Costner is seriously bald!

"He's obviously wearing a latex or lace-skin hair replacement system," said Andrew DiSimone, longtime owner of Manhattan salon HairPlace NYC.

The star with the seriously receding hairline sported a crazy new coif while

promoting his book, "The Explorers Guild, Vol. One: A Passage to Shambhala," on Oct. 27 in Los Angeles.

"The obvious contrast between the gray hair of his temples and the bleach-blond mop on top signals a complete disconnect," Andrew said. "It looks like a graft technology replacement system. That means it would be laced with individual hairs into what's left of his existing hair."

Andrew said the hair-piece would need to be reglued to the scalp every three or four weeks — at \$500 to \$1,000 a pop!

Kevin, 60, joked last year to a "Draft Day" director that "I have about three real hairs on my head. I call them Moe, Larry and Curly!"

Our expert's own analysis: "You don't buy hair anymore," said Andrew. "You lease it!"

## Diaz wants dollars for her domain!

**A**FTER getting hitched to rocker Benji Madden, A-lister Cameron Diaz has put her stunning Manhattan apartment up for sale. The two-bedroom, 1,400-square-footer has an emerald green kitchen, a black marble bathroom and a wood-burning fireplace — perfect for those coming winter nights! Since hiring a designer to add some glam to the pad, the “Charlie’s Angels” babe, 43, wants an eye-watering \$4.25 million for it — over a million more than she paid!

## Sad Paula’s TRAGIC DOGGY DEMISE!

**F**ORMER “American Idol” judge Paula Abdul’s longtime pet Chihuahua Thumbelina died late last month, and she’s devastated by the loss.

She was so distraught she didn’t get out of bed for days afterward, according to pals. The pet pooch had been Paula’s constant companion for years.

She’d told a friend: “I’m heartbroken. I loved Thumbelina so much! She was everything to me.”

Paula, 53, took to her Twitter page Oct. 28 and wrote: “My precious little Thumbelina — the kindest, sweetest little angel — has gone to heaven ... I’m so lucky, grateful & blessed that I got to be her mommy.”

“Bless you, Thumbie, my love. I’m gonna miss you.”

Now, they call that puppy love!

Paula’s four pet pooches had always been important, if not always kind, to her. In 2007 she tripped over another Chihuahua, Tulip, and broke her nose!

## WITHOUT A PAUSE (for breath between mouthfuls!)

**C**HUNKY Aussie actress Rebel Wilson, 35, is getting hypnotherapy in a desperate bid to get thin after docs warned her: Diet or die!

She aims to lose 100 of her shocking 300 pounds in the next year. “Rebel gorges on fattening food. Cakes, ice cream, chocolate ... anything sweet,” dished a pal. “She has no willpower. She’ll go to the gym, then go straight home and chow down on a big sandwich, followed by a slab of cheesecake or something.”

According to the friend, Rebel considered lap-band surgery, but “she ducked out at the last minute because she was too scared. That’s when someone suggested seeing a hypnotherapist.

“Rebel just wants to be skinny again.”

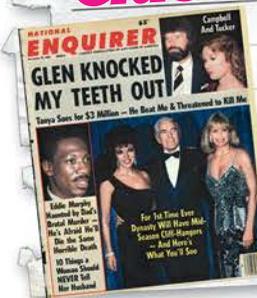

## Timberlake’s baby booze reward!

**P**ARTY boy-turned-doting daddy Justin Timberlake gets a special prize from wife Jessica Biel for taking care of their 6-month-old son — two cold beers before bed!

The brew-loving singer-actor, who has served as a celebrity pitchman for Bud Light Platinum, has largely become a stay-at-home dad since the couple welcomed their first child, Silas, in April. Because JT, 34, no longer paints the town red with his party posse, a friend said Jessica, 33, doles out a two-beer prescription to her hubby after Silas has settled down for the night!

“It’s become a running joke,” the friend said. “Justin can get a little worked up between feeding time, changing diapers and trying to keep Silas amused, so Jessica cheers him on, saying, ‘Keep your eye on the prize — it’s nearly beer time!’”

## Classic ENQUIRER

THIS week back in 1985 we brought you the story of country star Glen Campbell and his wife-beating ways! Glen is close to the end now, of course, as The National ENQUIRER has been reporting. Also, Eddie Murphy told how he feared being murdered, like his dad, and there was exclusive news from the TV hit “Dynasty.”

**ARIES** MARCH 21-APRIL 20 Play your lucky numbers. Take a chance on romance. Put your name in the hat. Lady Luck is on your side and this may prove to be one of the best weeks you've had in a long time. **Lucky Numbers:** 5, 14, 23

**TAURUS** APRIL 21-MAY 21 If you've been considering a career change, talk over your ideas with a trusted mentor who has experience in the field you are looking at. Before you invest time and energy into a new direction, get all the facts. **Lucky Numbers:** 9, 18, 54

**GEMINI** MAY 22-JUNE 21 A lovely family gathering helps bring peace and harmony to a once stressful situation. Sharing thoughts and ideas — as well as communicating openly about how you feel — helps everyone move past an old issue. **Lucky Numbers:** 4, 22, 40

**CANCER** JUNE 22-JULY 22 Resist the urge to hurry along a home improvement project. You'll likely have to redo the whole thing sooner than you would think. Take the time, hire a professional and spend the money. **Lucky Numbers:** 4, 5, 6

**LEO** JULY 23-AUG. 23 You get what you pay for. Don't expect anything to come free these days. You'll have to pony up cold hard cash this week, rather than rely on the generosity of pals or family. **Lucky Numbers:** 2, 8, 12

**VIRGO** AUG. 24-SEPT. 22 A flurry of phone calls and communications fill your workweek. Be cautious before you hit the "send" button for emails and social media. Something will be revealed that you had wanted to keep private! **Lucky Numbers:** 3, 21, 30

**LIBRA** SEPT. 23-OCT. 22 A misunderstanding between you and a partner could grow into something bigger if you don't take time to clear your feelings. A nice weekend is in store, however, as you get a chance to truly relax. **Lucky Numbers:** 2, 5, 12

**SCORPIO** OCT. 23-NOV. 21 If money seems a little tight, you can blame it on the cosmos. Taskmaster Saturn is holding tight to your purse strings. Relief comes in a few weeks, but for now, you'll have to make do with what you have. **Lucky Numbers:** 31, 42, 49

**SAGITTARIUS** NOV. 22-DEC. 21 A friend's complicated life could drive you crazy if you get too involved in the soap opera. Offer advice but don't expect them to take it. It appears they like the drama. **Lucky Numbers:** 5, 11, 23

**CAPRICORN** DEC. 22-JAN. 20 Move over and hand the reins to someone else. You've done everything you possibly can to make a situation better. There's nothing more you could say or do to change things. Let someone else try. **Lucky Numbers:** 1, 2, 11

**AQUARIUS** JAN. 21-FEB. 18 You could easily fall for someone you've just met. There's a spark in your eye and a bounce in your step that weren't there before. This newfound friend may feel the same way about you, too! **Lucky Numbers:** 9, 28, 39

**PISCES** FEB. 19-MARCH 20 A co-worker may be very insistent on making some self-serving changes. Despite the fact no one else agrees with these demands, the boss may see things differently and lean in that direction. **Lucky Numbers:** 6, 24, 51

## ASK THE VET

WITH DR. JEFF LACROIX

Owning a pet can be a rewarding but often puzzling experience. ENQUIRER columnist, top veterinarian Dr. Jeff LaCroix, answers the toughest questions about your four-legged friends.

### PET SQUIRREL A BAD IDEA

Our 12-year-old son found an injured squirrel in the gutter of our street and nursed him back to health. He wants to keep it, but we think it would

be better to return "Rocky" to the wild. What do you think?

While it is admirable that you and your family have nursed this injured squirrel back to health, you are correct. Rocky should be returned to the wild or turned over to a licensed wildlife rehabilitator as soon as possible. A wild tree squirrel will never make a good pet, and in most jurisdictions it is illegal to keep a wild squirrel as

a pet. A squirrel's behavior is unpredictable and much more instinctive than a dog or a cat.

They are "low on the food chain" and will always try to escape to safety. Rocky should be with other squirrels — he will quickly remember his natural behaviors and survival skills.

Send your pet questions to Ask The Vet, National Enquirer, P.O. Box 1831, New York, NY 10156 or email [letters@nationalenquirer.com](mailto:letters@nationalenquirer.com).

Wheelchair

*Estella,*

# THE JOYRIDIN' RODENT!

**L**ITTLE Estella, the crippled guinea pig, is now the official spokes-rodent for feel-good animal stories!

The 2-year-old piggy was rescued with another furry fella from the side of a highway earlier this year and taken to the Harvest Home Animal Shelter in Calaveras County, Calif.

Sadly, Estella was paralyzed in the lower half of her body and seemed unlikely to survive.

She still had the will to go hopping around like the other little piggies, but not the legs.

"We immediately started thinking, 'How could we improve her quality of life?'" Harvest Home's Christine Morrissey said.

Staffers at the shelter discovered a company online that specializes in animal wheelchairs. They got a cost estimate of \$500 for the chair and Estella's necessary medical expenses.

Then they launched an online campaign on the shelter's website to raise the cash from sympathetic followers.

"It didn't take long for peo-

ple to fall in love with her," Christine said.

Estella took to her new chariot wheel fast, according to proud shelter staffers. Her rodent ride is now being souped up to better suit her piggy preferences.

"Today she's enjoying life to the fullest, especially with her new wheels on the way!" added Christine.

And that's how Estella rolled to the top of this week's Odd List! **NE**
