

MORE PLASTIC SURGERY DISASTERS!

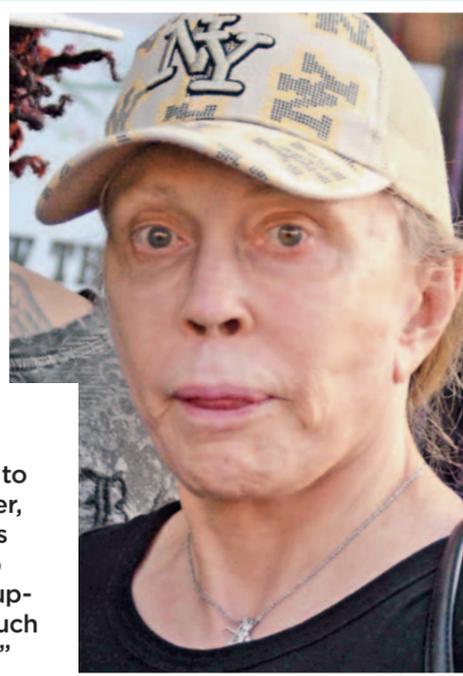

MELANIE GRIFFITH

From "Working Girl" to working stiff. "Too much filler, bad facelifts — leaving her with folds and facial irregularities," said Dr. Yoel Shahar.

SYLVESTER STALLONE

If there was a ref in the operating room, he would've stopped it! At 69, he looks like he was jabbed too much with a knife. "His lips are a mess and his nose looks worse than before," said Dr. Back.

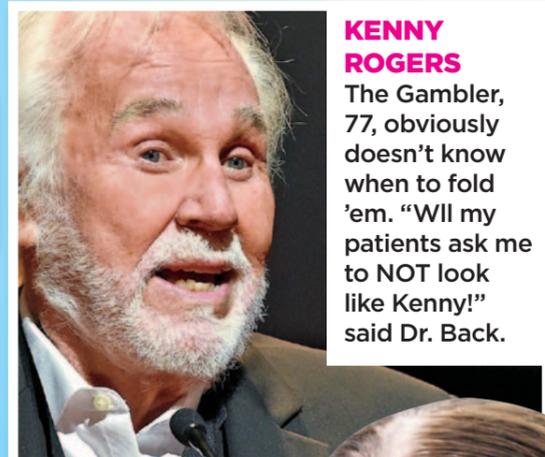

FAYE DUNAWAY

More like "Mommie Scariest," according to our docs. "She's older, but all that surgery is frightening. Way too much filler, and her upper lip has had so much Botox, it's drooping!"

CLAY AIKEN

The "American Idol" singer's surgery efforts have hit a sour note with our surgeons. "He's way overdone it on the Botox and filler," said Dr. Shafer.

KENNY ROGERS

The Gambler, 77, obviously doesn't know when to fold 'em. "Will my patients ask me to NOT look like Kenny!" said Dr. Back.

JERMAINE JACKSON

This Jackson rates a minus-5. He's carved out a string of hits to his face. "His brows are higher, his nose is narrower and his features are different from his family," said Dr. Shafer.

BURT REYNOLDS

This "Bandit" needs to be busted for a bad surgery spree. "The contrast between his neck and face is a laughable sign of multiple facelifts!" according to Dr. Shafer.

LARA FLYNN BOYLE

What the "The Practice" star has done to her face is a crime, according to our docs. "Her lips are disproportional, with the upper bizarrely bloated with Juvéderm injections," said Dr. Placik.

DAVID GEST

"He seems to have undergone a facelift and multiple rhinoplasties," claimed Dr. Placik of Liza Minnelli's ex-husband.

WAYNE NEWTON

The Vegas mainstay has never admitted to surgery, but his Picasso-like puss indicates otherwise. "He's stolen Kenny Rogers' eyes ... which was a really bad idea for both of them," said Dr. Back.

WE WENT UNDER THE KNIFE TO LOOK LIKE OUR IDOLS!

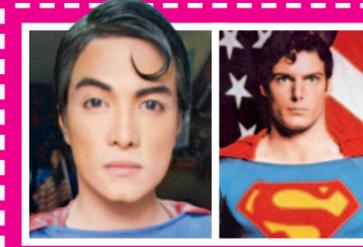

Gaga Donna Marie Trego from Wales spent \$100,000 to launch her career as a tribute artist.

New York's Thalía Almodovar had butt implants, boob jobs — and a sex change — to keep up with Kim Kardashian.

Montana's Ashley Horn had a nose job, cheek fillers and jawline surgery to look like fellow surgery experiment — Lindsay Lohan!

Super-fan Herbert Chavez had 19 surgeries, including liposuction and pectoral implants, to mimic the Man of Steel.

BARBIE AND KEN CLONES!

Doll-like Lolita Richi with a 20-inch waist and 32F bust said she's all-natural, while Justin Jedlica has had 200 surgeries to look like Ken!
